

# Easy Play: Dream of the West Journey

**Just 3 steps, quick game and withdraw your earnings**

1. Install Metamask
2. Choose a team
3. Withdraw your earnings

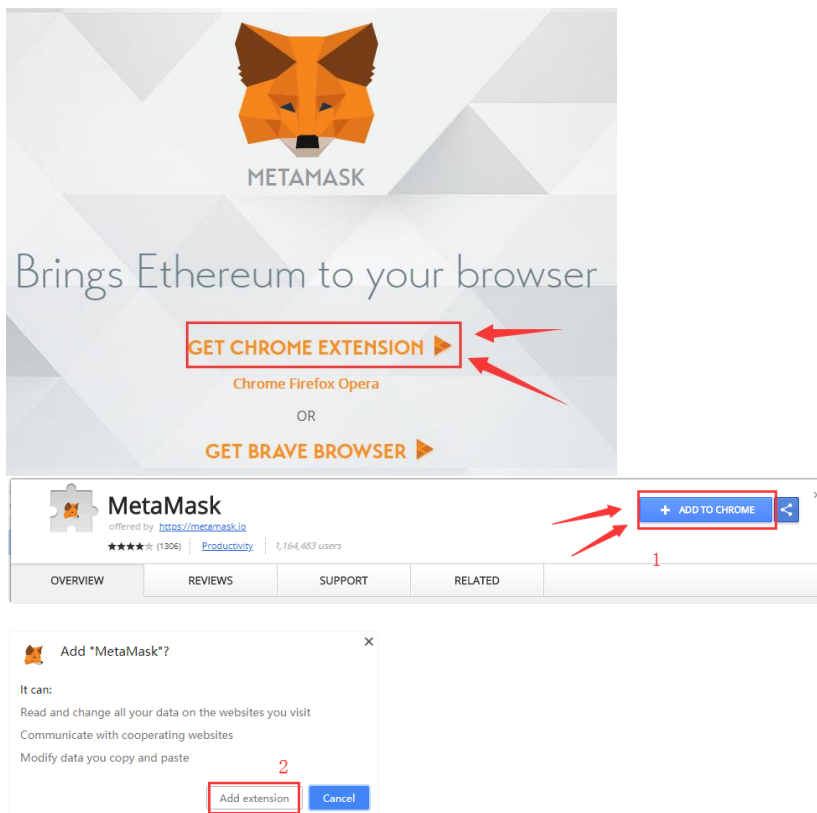

## 1. Install Metamask wallet

Before the game, you need an Ethereum wallet first.

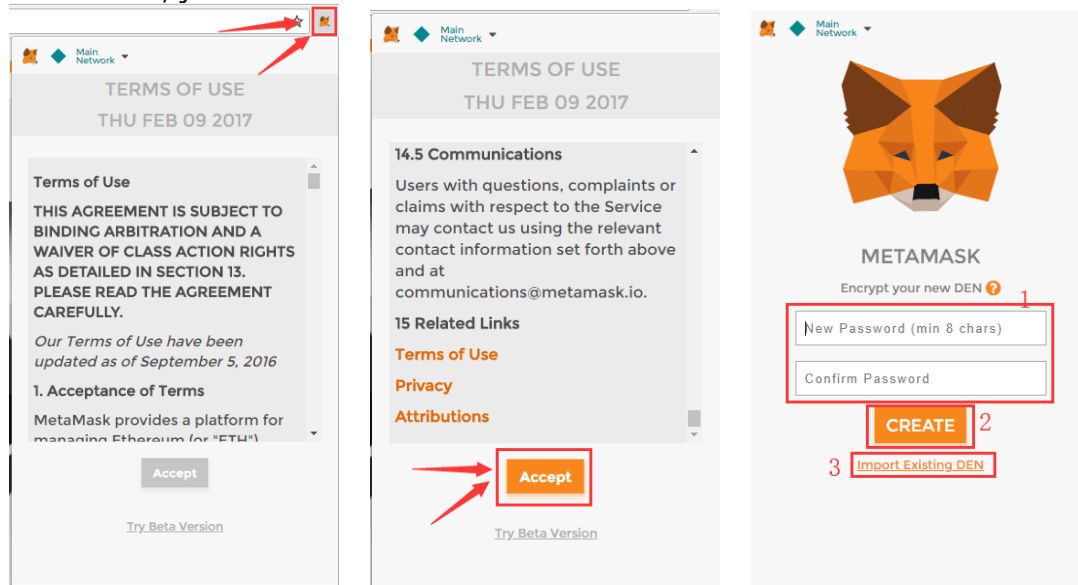

For the PC: we recommend the Metamask, and this essay is about how to install Metamask.

For the mobile application: we recommend the Trust Wallet, you only need to copy the game website into the Trust browser and play the game easily. (Game Website: <http://exitedscam.me/>).

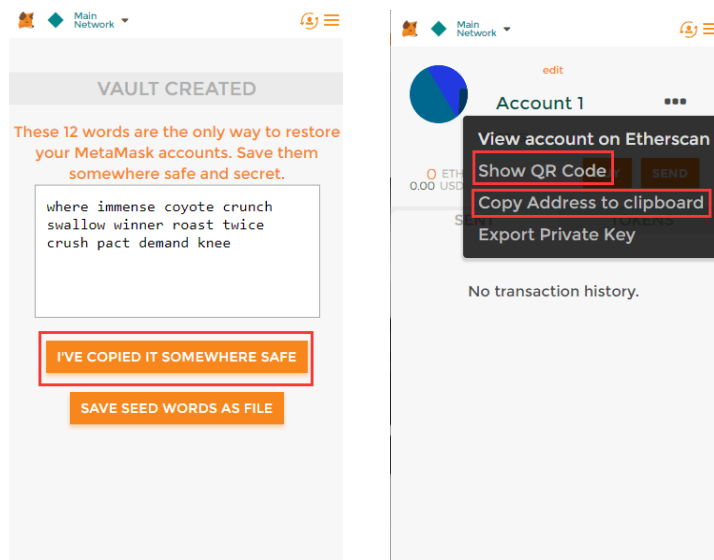

- ① Search <https://metamask.io/>, click 'GET CHROME EXTENSION' and 'ADD TO CHROME'.

- ② After the installation, you can see a little fox icon in the upper right corner of Chrome, just click and start the Metamask wallet.

In the red box 1 you need to input a login password, and then click red box 2 to create a wallet, and you can also import an existing wallet by click red box 3.

And remember to write down your seed words, and then click 'I'VE COPIED IT SOMEWHERE SAFE', and you will login the account. Click '...', you can find your wallet address.

**After all, then you need to get some Eth from exchange or other Ethereum wallet.**

## 2. Choose a team

Firstly, you need to login your Metamask, and then login game website (<http://exitedscam.me/>).

Choose a team, in order to get more earnings and dividend from other user's investment, the Wukong team is recommended.

### Choose a Team

Wukong	Sanzang	Bajie	Wujing
